

# LATEX GLOVES

## Technical Data sheet

**Description:** Latex gloves, powder free – non sterile

**Scope:** Hygiene industry, healthcare, laboratory

**Product Features:** (data in mm approx):

Size	S	M	L	XL
Lengthy	240	240	240	240
Width	80-85	90-95	100-105	110-115

Form: Ambidextrous

### Technical Data:

Material composition:	Natural latex + additives
Breaking strength::	23 Mpa min.
Tensile elongation:	800% min
Protein content:	According to Lowry (mod.): <math><30\mu\text{g}</math> / g glove. HPLC: 26.6 $\mu\text{g}$ / g glove. (Test Dermatologische Klinik Erlangen 04.08.03)
Quality:	AQL 1.5

**Risks:** None with proper use. Non silicone.

**Quality standard:** CE according MPG - Regulations 93/42 EWG

Product Category 1, EN455-1/2, EN 374-2,

Statement for food safety, as regulations.

**Quality controls:** Continuous monitoring control of batches.

Final inspection before shipment.

Control input material.

**Marks:** Traceability by lot number

**Packing:** 100 units / Dispenser box.

10 vending boxes / big box.

**Comment:** These gloves do not protect from hazardous substances (especially aggressive products). It is your responsibility to check the suitability of the product for the intended use. Store in a dry place below 30 ° C.
