

# VINYL GLOVES

## Technical Datasheet

**Description:** Vinyl gloves, powder free - unsterile

**Features:** (data in mm approx.):

Size	S	M	L	XL
Lengthy	240	240	240	240
Width	80-85	90-95	100-105	110-115
Thickness	0,08	0,08	0,08	0,08
Weight (approx. g / pc.)	5.5-6.5	6.5-7.5	7.5-8.5	8.5-9.5

Colour: Semi-transparent

Form: Ambidextrous

### Technical Data:

Material composition:	Polyvinyl chloride
Breaking strength:	9 Mpa min. (3.6N)
Tensile elongation:	400% min
Quality:	AQL 1.5

**Risks:** None with proper use.

Not contain latex or silicone.

**Quality standard:** CE according MPG - Regulations 93/42 EWG

Product Category 1, EN455-1/3,

FDA21CFR800.20, ASTM D-5250-00

Suitable for handling food, except for fatty foods.

**Quality controls:** Continuous monitoring of batches. Final inspection before shipment.

Control input material.

**Marks:** Traceability by lot number.

**Packing:** 100 pcs. / Dispenser box.

10 vending boxes / big box..

**Comments:** These gloves do not protect from hazardous substances (especially aggressive products). It is your responsibility to check the suitability of the product for the intended use. Store in a dry place.
