

# MASKING FILM DAEVI QUICK MASK®

## Technical Data Sheet

Description	Masking Film roll with krepp tape
Material Type	HDPE High Density Polyethylene Film
Colour	Clear natural
Treatment	Corona and electrostatic on both sides

### Use

Protect surfaces during painting works. It clings perfectly to masked surfaces thanks to its electrostatic treatment and draws up paint avoiding drip.

### Technical Data

Properties	Units	Value
Thickness	Microns	8-9
Approx. Length	Centimetres	20,35,60,100,120,180,260
Standard width	Metres	25
Presentation	Folded twice or four times (180,260)	
Resistance	°C	80
Tube support	Recyclable paper	
Masking tape	Krepp, 19 and 25mm width	

### Product presentation

A roll in a protective plastic bag, inside a recyclable cardboard box.
